TITLE : CONTROL DEVICE FOR AUXILIARY
DEVICE FOR VEHICLE

ABSTRACT : PURPOSE: To prevent a belt used in a vehicle provided with auxiliary devices driven with belts from slipping to an increased extent when the belt tends to slip to an increased extent due to aging deterioration or the like and due to sudden increase in load.

CONSTITUTION: Slip discriminating means 31 for discriminating the state of slip of a belt 9 for driving an auxiliary device, and auxiliary device control means 32 for controlling the operation of auxiliary devices so as to retard the change in load on the auxiliary device when the load increases after the slip discrimination.
